Zadání
<p>The students will be split up and have to create 2 original opposing political parties. They must organize their party campaign with a mandatory Candidate and any other titles. They must create a manifesto for their party, minimum of 5 pages and a running platform with social and political issues that they support or are against. They must promote their party and candidate through posters, minimum 1 Social media platform and any other relevant propaganda. They must prepare talking points for a final debate (minimum one) moderated by an impartial member. They must submit 5 talking points minimums for each party in advance. They must prepare a 5 minute closing argument for their candidate to be performed at the end of the final debate. They must submit a self assessment and assesment of the opposing party after the completion of the campaign.</p>
